DOT	Not regulated
Use-Diluted VOCs	0%
pH (undiluted)	7.0
HMIS Hazard Rating	
Health	1
Flammability	0
Reactivity	0
Personal Protection	A

What the Pros Know

No-Rinse cleaners do not leave a visible residue when dry. However, when mop water becomes soil laden, a visible residue will be left. Keeping the mop water relatively clean will reduce the frequency of deep scrubbing or stripping procedures. Neutral cleaners are the best option for high gloss finished floors, as they will not attack the finish film.

- Neutral pH - No rinse cleaner
- All surface safe - Gently cleans soils from surfaces
- Concentrated, versatile - Reduces need for several products
- Clean, lemon-fresh fragrance - Pleasant to use
- Free rinsing - Will not leave dulling soap film

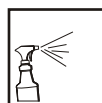

Clean any surface not harmed by water alone with this neutral, no-rinse, all purpose cleaner. This product can be applied by trigger sprayer, mop or automatic floor scrubbing machines. It is a gentle and effective cleaner ideal for use in schools, restaurants, office buildings and many other commercial and institutional facilities. Use to clean surfaces such as plastic, metal, laminates, glass, vinyl, walls and more. This lemon-fresh cleaner is economical and easy to use.

Directions

Wear safety equipment recommended on MSDS, read all directions and cautions prior to beginning your work.

Daily use: Dilute 8 to 12 ounces per gallon of water.

Heavy soils: Dilute 16 to 20 ounces per gallon of water.

Apply manually by spray & wipe, mop, or through an automatic scrubber.

Clean with mop or automatic scrubber to remove soils and spills, picking up solution as you clean. Allow to dry. No need to rinse. When cleaning with a mop and bucket, replace solution when it becomes visibly dirty.

No rinse cleaner

All surface safe
