Specific Gravity	1.01
pH	12.5
HMIS Hazard Rating	
Health	2
Flammability	0
Reactivity	0
Personal Protection	C

What the Pros Know

Non-Acid Restroom cleaners are safe for all washable surfaces including chrome plated fixtures. High foaming products offer improved cleaning on vertical surfaces

- Ready to use - Convenient, no mixing
- Non-Acid formula - Safe on surfaces for everyday use
- Hospital grade disinfectant - Proven germ killing power
- Fresh smelling powerful deodorant - Leaves room smelling fresh and clean
- Clinging foam - Penetrates tough soils

A high foaming, safe and effective cleaner, disinfectant, and deodorizer for sinks, counter tops, partitions, toilet bowls, urinals, and any hard surface in your restrooms. This detergent thickened product provides an ultra-rich foam to cling to surfaces and penetrate tough soils and soap scum. Contains no acids or abrasives. Safe for daily use. The pleasant pine fragrance leaves the area smelling fresh and clean.

Recommended for regular cleaning and disinfection of hard, non-porous surfaces including toilet bowls, urinals, shower stalls, tubs, sinks, chrome fixtures, and restroom dispensers. Effective against *Staphylococcus aureus*, *Salmonella choleraesuis*, *Pseudomonas aeruginosa*, *T. mentagrophytes*, *Herpes simplex type 2*, and HIV-1 (Aids Virus).

Directions

Wear safety equipment recommended on MSDS, and read all directions and cautions prior to beginning your work.

Using dispensing cap or trigger sprayer apply directly to toilet bowl surfaces, urinals and other washable surfaces. Spray area until it is covered with the solution.

Allow the product to penetrate and remain wet for 10 minutes for full disinfection.
