

NAVIGATOR

Dilution Control System

Why It's A Better System

- Concentrate and RTU labels are numbered and color coded for safety and to facilitate training
- Closed system - Spill proof container
- New Metered Tip with each concentrate provides proper dilution each time
- English/Spanish label copy
- Each concentrate has an easy carry handle
- Recyclable container

Why It's A Better Cleaner

- Non-acid formula - Safe on surfaces for everyday use
- Fresh floral deodorant - Leaves room smelling fresh and clean
- Free rinsing - Easy to use, saves labor
- Foaming cleaning power - Use on vertical surfaces

How It Cleans

Dispense precisely diluted glass cleaner into an empty and properly labeled NAVIGATOR RTU #5 Non-Acid Bath & Bowl Cleaner container.

TOILET BOWLS

Remove water from bowl. Pour 1-2 oz. on applicator or spray directly on bowl sides.

For best results allow to dwell 5 minutes. Flush and rinse out applicator.

FOR HARD NON-POROUS SURFACES:

Spray, apply by sponge, or mop on surface, let soak for five minutes, agitate until clean. Rinse and allow to dry. Replace solution when it becomes diluted or visibly dirty.

Navigator Dispensers

- Low-Flow Dispenser Product No. 13172
- High-Flow Dispenser Product No. 13173
- Dispenser Connector Kit Product No. 13182

5 NON-ACID BATH & BOWL CLEANER

Where It Cleans

Recommended for cleaning and deodorizing:

- Toilet bowls
- Urinals
- Chrome
- Glazed ceramic
- Sinks
- Most hard surfaces
