

SCOTTY

INDUSTRIAL ALL PURPOSE DEGREASER

MULTI-PROPÓSITO DESINTEGRADOR DE GRASA INDUSTRIAL

Technical Data

Areas of Use

Emulsifying degreaser for general maintenance. Non-butyl, solvent free formulation with superior emulsifying ability on oily soils.

- Degreases industrial equipment, parts, tools and floors
- Cleans floors, walls and other surfaces not damaged by water
- Removes grease in kitchens from fans, filters, stoves and ovens

Specifications

Available Sizes.....	4/1G, 5G, 55G
Physical State	Liquid
Color	Orange
Fragrance	Bland
Foaming	Low
Free Rinsing	Yes
Petroleum Distillates	None
Viscosity	Thin
Phosphates	<1.0 %
Specific Gravity	1.017
pH (undiluted)	11.0

HMS Hazard Rating

Health	1
Flammability	0
Reactivity	0
Personal Protection	B

What the Pros Know

Regular cleaning reduces the need for stronger cleaning products. This regimen does not allow soils to build up enough to require a more expensive or chemically stronger cleaning product.

- Positively emulsifies oily soils - Suspends soils for easy removal
- Contains no solvents - Safer to use
- Works on any oily soil - One product does more jobs, so you have less inventory and easier training
- Low foaming, contains corrosion inhibitors - Use in auto scrubbers, prevents flash rusting

SCOTTY is a non-butyl general purpose degreaser with superior emulsifying ability on any type of oily soil. A wide variety of cleaning applications can be performed with this concentrated cleaner degreaser. Its low odor, water-based formulation enables this product to be used in enclosed or confined areas when ventilation may be inadequate for other cleaners. This product will perform many cleaning chores in various industrial, institutional and commercial settings.

Directions

Wear safety equipment recommended on MSDS, place Wet Floor Signs and read all directions and cautions prior to beginning your work.

CLEANING & DEGREASING:

Removing loose soil and debris. Divide work into manageable sections. If cleaning floors, place wet floor signs near work area.

Dilute with water as follows: Heavy Soil 1:5 (25 oz. per gal.) Moderate Soil 1:20 (6 oz. per gal.) Light Soil 1:40 (3 oz. per gal.)

Apply to surface liberally while scrubbing. Allow to work. If soil is heavy, double scrub. On floors using auto scrubber; first pass, squeegee up; second pass squeegee down, vac on. Pick up as much solution as possible.

FOR PRESSURE WASHER CLEANING:

Draw concentrate directly from container. Set dilution using pressure washer manufacturer's directions according to soil present or suggested dilutions on label.
