

Create a *FoamCLEAN* Hand Hygiene Station and Promote Good Health!

Our dispenser floor stand makes Hand Sanitizing easy and accessible in any location. Just add our automatic TouchFree dispenser, and create a Hand Hygiene Station that helps prevent the spread of germs in any environment.

- No Touch dispenser releases product as soon as hand is placed under sensor.
- Ideal for lobbies and cafeteria lines... anywhere hand sanitizing is needed and water is not available.
- Easy to set up and use.
