Description

Convenient RTU spray application for use on carpets and rugs in computer rooms, nursing homes, hospitals, motels, commercial buildings, etc. wherever shocks from static electricity can be annoying or troublesome. Reduces resoiling due to static attraction of dust particles. Not to be used on 5th Generation Stain Resistant carpeting.

Directions

Read all directions and cautions on the label prior to using. Consult the MSDS for recommended personal protection equipment.

Vacuum carpet. Pre-test carpet for colorfastness in an out-of-sight area. Spray on carpet in a fine mist with a trigger sprayer, pump-up or pressure sprayer applicator. Do not saturate or overwet the carpet. Allow to dry before opening to traffic.

What the Pros Know

The mild acidic formulation of Anti-Static not only provides shock protection, but also conditions the carpet and reduces browning of the carpet caused by oxidation.
