Milk  
Eggs  
Protein Drinks  
Blood

## Technical Data

### Specifications

Color:	Slight hazy liquid
Odor:	Cherry Almond
Base:	Biodegradable detergents
pH:	7.9 + 0.5
Viscosity:	Water thin
Foam:	Low
Bacterial Counts:	31 billion per gallon
Bacterial Enzyme Production:	Protease, Amylase, Lipase, Esterase, Urease, Cellulase, Xylanase
Salmonella/Shigella:	Negative
E.coli:	Negative
Rinsability:	Excellent
Flash Point:	None
Storage/Stability:	1 year
Weight Per Gallon:	8.35 lbs.
Freeze/Thaw Stability:	Keep from freezing

### Description

Powerful blend of enzymes digest a broad-range of organic spots and odors quickly. Cherry Almond fragrance.

### Directions

Read all directions and cautions on the label prior to using. Consult the MSDS for recommended personal protection equipment.

1. Remove solids and blot excess liquids with a clean, white absorbent cloth.
2. Apply spotter. Do not over wet the carpet.
3. Agitate lightly with SSS Brush/ Scraper. Work from the outside of the spot to the center.
4. Allow 1 to 3 minutes dwell time.
5. Blot with a clean, white absorbent cloth. Use SSS Brush/Scraper with a tamping action.
6. Rinse well with water and blot dry. For best results, rinse and extract with SSS Power Spotter.

**Important Notes:** Pre-test carpet for colorfastness in an out-of-sight area. Difficult spots may require additional dwell time or repeated applications. Avoid rubbing and aggressive agitation, which may spread the stain and damage carpet fibers.

### What the Pros Know

Spot as soon as possible. Be patient, some difficult spots can take several spotting applications. Not all stains can be removed completely due to differences in fibers, dyes, carpet construction, type of stain, length of time the stain has remained on the fiber, etc.
