COFFEE & TANNIN DYE STAIN REMOVER

For Use On:

Coffee
Tea
Wine
Cola
Browning
Water Stains

Technical Data

Specifications

Color:	Clear
Odor:	Characteristic
Base:	Biodegradable detergents
pH:	2.1 + 0.5
Viscosity:	Water thin
Foam:	Low
Phosphate:	None
Rinsability:	Excellent
Flash Point:	None
Storage/Stability:	1 year
Weight Per Gallon:	9.00 lbs.
Freeze/Thaw Stability:	Keep from freezing

Description

A one-step specialty carpet spot & stain remover with a unique organic acid formula containing powerful solvents & detergents.

Directions

Read all directions and cautions on the label prior to using. Consult the MSDS for recommended personal protection equipment.

1. Remove solids and blot excess liquids with a clean, white absorbent cloth.
2. Apply spotter. Do not over wet the carpet.
3. Agitate lightly with SSS Brush/ Scraper. Work from the outside of the spot to the center.
4. Allow 1 to 3 minutes dwell time.
5. Blot with a clean, white absorbent cloth. Use SSS Brush/Scraper with a tamping action.
6. Rinse well with water and blot dry. For best results, rinse and extract with SSS Power Spotter.

What the Pros Know

Spot as soon as possible. Be patient, some difficult spots can take several spotting applications. Not all stains can be removed completely due to differences in fibers, dyes, carpet construction, type of stain, length of time the stain has remained on the fiber, etc.

Important Notes: Pre-test carpet for colorfastness in an out-of-sight area. Difficult spots may require additional dwell time or repeated applications. Avoid rubbing and aggressive agitation, which may spread the stain and damage carpet fibers.
