MAVERICK
SUPER-DUTY DEGREASER
DESENGRASADOR ESTUPENDO DEL DEBER

Technical Data

Environment, Health & Safety

• Biodegradable
• Low Toxicity
• No Phosphates
• No Ozone Depleting Compounds
• No Known Carcinogens
• No Chlorine Bleach
• No Butylxethanol
• No Petroleum Distillates
• Low VOC Level
• Recyclable Container

Specifications

SSS Item Numbers ......................................................48129
Available Sizes .............................................................1G
Color ........................................................................Purple
Fragrance .............................................................Mild, Pleasant
pH ..............................................................................12.0 - 12.5
Viscosity ................................................................Water thin
Foam ...........................................................................Moderate
Flash Point ......................................................................None
Abrasive ........................................................................None
Biodegradability ......................................................Complete
Solvents .........................................................................None
Storage/Stability .........................................................2 years
Weight Per Gallon .....................................................8.61 lbs./gal
Freeze/Thaw Stability .................................................Keep from freezing

HMIS Hazardous Materials I.D. System
Health ...........................................................................2
Flammability .............................................................0
Reactivity ......................................................................0
Personal Protection .....................................................C

Description

Formulated using MicroEmulsion 3G Technology
SSS EarthCare Maverick Super-Duty Degreaser is a heavy duty “Green chemistry” based cleaner-degreaser that absorbs & dissolves oil and protein based soils better than butyl-based products. Recommended on all food processing equipment and service areas. Also for use on floors, walls, desk, tables and other hard surfaces. Concentrated and very economical to use. Non-flammable, low toxicity, and contains no solvents. It is excellent for use in automatic scrubbers.

Directions

Wear safety equipment recommended on MSDS, place Wet Floor Signs and read all directions and cautions prior to beginning your work.

FOR GENERAL CLEANING OF FLOORS, WALLS, and FIXTURES: Dilute concentrate 2 to 4 ounces per gallon of warm water and apply with a mop, sprayer or sponge. Allow to stand a few moments and wipe off or rinse clean with water.

FOR FOOD PROCESSING AREAS and EQUIPMENT: Dilute concentrate 8 to 12 ounces per gallon of warm water. Mop, spray or sponge onto surface and allow to stand a few moments. Surfaces that come directly in contact with food require a potable water rinse; otherwise rinsing is not usually necessary.

FOR HEAVY DUTY DEGREASING and INDUSTRIAL CLEANING: Dilute concentrate 16 ounces per gallon of warm water. Mop, spray or sponge onto surface and allow to stand at least 5 minutes. Scrub or brush thoroughly and rinse with clean water.

The above directions are flexible rather than specific. Generally, a more dilute solution can be used, while for extreme conditions a less dilute solution may be needed.

What the Pros Know

The Bio-based chemistry is solvent free and provides excellent performance on all types of industrial soil.
SECTION 1-PRODUCT IDENTIFICATION AND SUPPLIER INFORMATION

Product Name: Maverick
Generic Name: Super Duty Degreaser Concentrate
Chemical Family: Detergent/Solvent Blend
Formula: Proprietary
Triple S Product Number: 48129

SECTION 3-PHYSICAL DATA

Boiling Point (°F): 212 F.
Vapor Pressure: 20mm Hg @ 68 F.
% Volatile: 85+
Vapor Density (Air=1): >1
Vapor Pressure: 20mm Hg @ 68 F.
pH: 12.0 – 12.5
Physical Description: Thin purple liquid with characteristic odor.
VOC Content: None

SECTION 4-FIRE AND EXPLOSION HAZARD DATA

Flash Point (Method Used): None (waterbased)
Upper Explosion Limit: N/A
Lower Explosion Limit: N/A
Extinguishing Media: N/A
Non Flammable
Unusual Fire and Explosion Hazards: N/A

SECTION 5-REACTIVITY DATA

Stability: Stable
Hazardous Decomposition Products: Alkaline vapors in a fire.
Incompatibility (Materials to Avoid): Strong acids.

SECTION 6-STORAGE AND HANDLING INFORMATION

WARNING: Eye Irritant. May cause skin irritation with prolonged or repeated contact. Avoid contact with eyes, skin and clothing. Wear rubber gloves, chemical splash goggles and protective outerwear when handling. Avoid breathing of mists. Keep out of reach of children. For use by trained personnel only. Keep container closed during storage. For institutional and industrial use only.

SECTION 7-HEALTH HAZARDS AND FIRST AID

Effects of Overexposure:
Skin: Slight skin irritant. Prolonged or repeated contact may cause redness, dermatitis.
Eyes: Eye irritant. Liquid and mists will cause tearing, redness, burning sensation.
Inhalation: Mists may be irritating to mucous membranes in the nose, throat, and lungs.
Ingestion: Irritating to the mouth and throat. May cause headache, nausea, abdominal pain, vomiting, and diarrhea.

First Aid Procedures:
Skin: Flush with water. Seek medical attention if irritation persists.
Eyes: Immediately flush with large quantities of water, holding eyelids open. Seek medical attention immediately.
Inhalation: Get to fresh air. Seek medical attention if irritation persists.
Ingestion: Do not induce vomiting. Drink large quantities of water. Seek medical attention immediately.

Respiratory Protection: Use in well ventilated area.
Ventilation Requirements: General ventilation sufficient.
Protective Gloves: Chemical resistant rubber or neoprene.
Eye Protection: Safety glasses or chemical splash goggles.
Other Protective Equipment: Wear protective rubber footwear when using on floor. Wear protective outerwear when danger of mist contact may occur.

SECTION 8-SPECIAL PROTECTION INFORMATION

Steps to be taken in Case Material is Released or Spilled: Floors will become slippery. Avoid walking in product. Keep unessential personnel away. Mop up or otherwise absorb and hold disposal. Avoid discharge to storm sewer or open waterways.
Waste Disposal Method: Any method in accordance with local, state and federal laws. Best method is to recycle or reuse for intended purpose. Consult local authorities for disposal of large quantities in public sewer. Do not dispose into storm drain, stream, river or to ground. Rinse container thoroughly before discarding in trash.

SECTION 9-SPILL OR LEAK PROCEDURES

FOR EMERGENCY MEDICAL OR TRANSPORT INFORMATION: ER# 1-888-779-1339

This product contains the following toxic chemical(s) subject to the reporting requirements of section 313 of the Emergency Planning and Community Right-To-Know Act of 1986 and of 40 CFR 372.
