A low toxicity, low VOC, readily biodegradable, concentrated floor cleaner that is specially designed for everyday floor cleaning. It removes routine soils from all types of floors. Excellent for use in mop and bucket cleaning or automatic floor scrubbers. Neutral pH will not harm floor finishes. No rinsing required. May also be used as a light duty spray and wipe cleaner for multiple surfaces not harmed by water.

DIRECTIONS FOR USE
This product must be diluted before use. See your supervisor or technical sales representative for instructions on dispenser use. FOR USE IN A SPRAY BOTTLE: Dispense diluted product into properly labeled RTU container. Simply spray on surfaces to be cleaned. Let solution sit and wipe off with a clean absorbent cloth or towel. For heavy soils, allow surface to soak 3 - 4 minutes, then agitate, and rinse clean. FOR USE IN AN AUTOMATIC SCRUBBER OR MOP BUCKET: Dispense diluted product into mop bucket or automatic scrubber.
