- Convenient Spray-Thru Cap with Ultra-Fine Spray Pattern
- Approved for Use in Food Prep & Food Processing Areas
- Kills Flies, Mosquitoes, & Many More Insects Listed On Back Panel
- Non-Staining, Water-Based, Nonflammable

Description

This product represents the next generation in aerosol insecticide technology. By combining 0.2% Prallethrin with dual synergists in a water base, this formula is effective on a broad spectrum of flying insects. In addition, the low overall toxicity of this new active ingredient allows the product to be used extensively in food prep and food processing applications as well as non-food areas. The low VOC content also allows for this product to be compliant in all 50 states. For ease of use, the product features a spray-thru cap and ultra-fine spray pattern for extended suspension time in air spaces. 20 net 16 oz can.

TECHNICAL INFO:		
Physical Properties	Appearance	Fine Mist
	Color	White
	Odor/Fragrance	None
	pH	N/A
	Spray Pattern	Fine Mist
Environmental Profile	Glycol Ether Content	No
	Biodegradability	No
	Chlorinated Solvents	No
	Green Status	None
Regulatory Compliance	Recyclable Packaging	Yes
	% VOC By Weight	24.5
	VOC Restricted Regions	None
	Food Processing Suitability	F1*
	EPA #	10807-429-12120
	Flammability per CPSC	NCAF

*Amrep Certified
