

COMMERCIAL UPRIGHTS

CLEAN AIR FILTRATION

Triple S ProSpec upright vacuum cleaners are professional quality units. They are capable of handling the toughest commercial carpet cleaning jobs. They are designed to provide years of dependable service. From the basic C12 to the extra quiet feature-rich AF9, the Triple S ProSpec Vacuum Cleaners offer a wide range of capabilities to meet your specific job requirements and budget.

C12

- **Efficient Carpet Cleaning** – Automatic height adjustment, powerful 7.7 amp motor, 12 inch cleaning path and zippered Micro-Tex filtration system.
- **Commercial Design** – Ergonomic lightweight design of high impact plastic.
- **Warranty**– One year parts and labor commercial warranty.

Triple - Layered Micro-Tex Cloth Bag

RD4^{TF} and RD4^{DC}

- **Efficient Cleaning** - Micro-Tex outer bag with optional Allergen Filtration disposable bag, 2-brush steel ball bearing agitator. The dust cup empties quickly and eliminates the need for disposable bags.
- **Dependable Service** - Sturdy chromed steel handle, tough glass-filled polycarbonate base and high efficiency impeller, reinforced axle assembly and double insulated construction.
- **Warranty**– Three year parts & labor commercial warranty.

Rugged dependability

RD4^{TF}

RD4^{DC} with Dust Cup

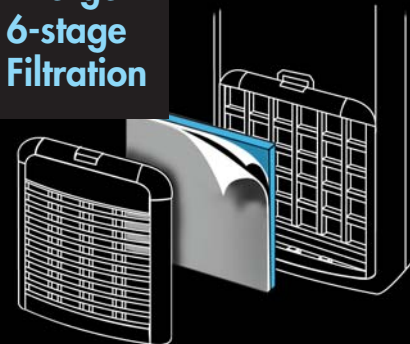

AF6

- **Enhanced Indoor Air Quality** – Allergen Filtration system removes common workplace air contaminants. Optional AF9 HEPA filtration for improved Indoor Air Quality (IAQ)
- **Performance Engineered** – Powerful motor, increased airflow and dual brush agitation combine for exceptional cleaning performance.
- **Multi-Surface Productivity** – Custom on-board front mounted tools with heavy duty hose for extended cleaning capabilities.
- **Professional Design** – Built for years of dependable commercial service.

15" Cleaning Path

Allergen 6-stage Filtration

AF9

The Allergen Filtration systems in the SSS ProSpec AF6 and AF9 remove 100% of dust mites and their eggs along with 99.98% of ragweed and common grass pollens. Improves Indoor Air Quality (IAQ). An excellent selection of features makes these vacuums highly efficient multi-surface cleaning machines.

Quiet & Powerful Turbo Action Cleaning

Allergen 9-stage Filtration
