

JIVE Air Care System

Aero PT Chameleon

Aero Elite Multi-Fit Air Fresheners

Aero Elite Urinal Screens

Coordinated fragrances through different air care systems.

Introducing a pioneering range of cost efficient air freshener products which are VOC exempt and environmentally friendly. With suited fresh fragrances to choose from, there's sure to be one to suit your taste; Citrus Vibe, Floral Fiesta, Lemon & Linen Twist, Mint Cool and Summer Symphony. Our Synchronized Scents range even includes the revolutionary SSS JIVE Air Care System.

JIVE Air Care System with Vibrating Mesh Technology

Our newest creation. Vibrating Mesh Technology is where a mesh/membrane, with numerous laser cut holes, vibrates at the bottom of the reservoir, and thereby pressures out a mist of very fine droplets through the holes. One JIVE dispenser provides superior air care efficiency than up to 3 aerosol dispensers – fragrancing a room more quickly and for longer (up to 90 days).

Aero PT Chameleon Air Fresheners with Multi-Phasing Technology

The unique Aero PT Chameleon Air Fresheners with Multi-Phasing technology avoids fragrance fatigue by combining an outer ceramic cartridge and a fragrance core, each containing a unique perfume, for a constantly evolving fragrance for up to 60 days.

Aero Elite Urinal Screens

The Aero Elite Urinal Screens keep drains and urinals free flowing and smelling fresh for up to 30 days. With an innovative web design, it fits over the drain or urinal catching debris, reducing blocked drains and expensive maintenance.

Aero Elite Multi-Fit Air Fresheners

Allows for universal air freshening by combatting bad odors for up to 30 days. Multi-fit and versatile, the suction cup means that it can be used on a variety of surfaces and hung from a variety of objects with a hanging loop.
