- **Delivering Cost-Effective Customer Delight...** provides the user water **ONLY** when needed, resulting in reduced water usage and associated costs-- **win-win solution**.
- **World-Class Reliability...** breakthrough "surround sensor" technology (no infrared) senses user from **any angle**, patented cam gear technology controls water flow and eliminates sticking solenoid valves that cause dripping-- **trouble-free operation**.
- **Ease of Installation...** all mechanical and electrical components are contained in one covered housing for easy installation-- **customer convenience maximized**.
- **User-Friendly Performance...** omni-directional sensing zone surrounding the entire spout guarantees activation the **first time every time**. Aids in thorough, healthy hand washing, eliminating cross-contamination-- **ensures patron satisfaction, health and wellness**.

The Merlin™ AutoFaucet with Surround Sensor Technology is just one component of the Triple S Touch-Free Restroom™. For maximum cost-effectiveness and ultimate customer delight, use the entire Triple S automated bundle. Triple S is your single source for Hands-Free Restroom fixtures.
