

## TARGET GRAFFITI REMOVER

### Product Description:

TARGET Graffiti Remover is a mild chemical blend containing surfactants in a specially formulated solvent solution. TARGET Graffiti Remover is a fast activating remover that quickly penetrates and dissolves most permanent markers and some spray paint within **60 seconds**. TARGET Graffiti Remover is easy to apply and allows rapid removal from many interior and exterior hard surfaces. TARGET Graffiti Remover is pale yellow in color with a mild citrus odor. TARGET Graffiti Remover is readily diluted in water.

### Product Use:

TARGET Graffiti Remover can be used in the removal of permanent marker and some spray paint from the following surfaces: plastic and fiberglass, laminated surfaces, plastic composites, pre finished metal and more. If used correctly, TARGET Graffiti Remover will not damage or harm the surface.

**NOTE:** TARGET Graffiti Remover is not recommended to use on clear plastic surfaces. Verify with Triple S for final determination on any questionable surface. It may be necessary to test TARGET Graffiti Remover on a small, hidden area of the surface before full application to determine any negative reaction.

### Safety Use:

Wear safety glasses with side shields or splash goggles for eye protection. Wear chemical resistant gloves, long sleeved shirts, long pants and shoes for skin protection. Use TARGET Graffiti Remover only in well-ventilated areas; if needed, use NIOSH-approved respirators. Keep TARGET Graffiti Remover away from open flames and sparks – **NO SMOKING** when using TARGET Graffiti Remover. Do not mix acids, bases (lye), strong oxidizing agents (like bleach) with TARGET Graffiti Remover; toxic fumes may result.

**NOTE:** With TARGET Graffiti Remover, as well as all graffiti removers, **KEEP OUT OF THE REACH OF CHILDREN!** Always use common sense when using any chemical.

### Surface Preparation:

All surfaces should be sound and stable. If the surface has an excessive build up of dirt or other contaminants that would prevent TARGET Graffiti Remover from functioning, wash the surface with water before applying TARGET Graffiti Remover. Always test TARGET Graffiti Remover on a small surface area to determine compatibility, yield, appearance and desired result before overall application.

### Pre Application Check List:

1. Have a clear and uncluttered working area.
2. Make sure the area is properly ventilated.
3. If using TARGET Graffiti Remover in populated public areas, take appropriate safety measures for crowd exposure.
4. Do not use around open flame or in areas that could produce sources of ignition.

## Coverage:

Application rates can vary and may be affected by: the porosity of the surface, application methods and techniques, application equipment, and the age, type, thickness and severity of the graffiti. Coverage rates for TARGET Graffiti Remover will range from 50 sq ft to 200 sq ft per quart.

## Tools and Equipment:

- Safety gear - glasses, gloves, appropriate clothing
- TARGET Graffiti Remover - 1 Qt. Bottle or Pt. Bottle – have enough product for the target project
- Spray bottle or container of water for pre-rinsing, rinsing and cleaning.
- Application tools – sponge, rags, scouring pads, #000 steel wool and \*chemical resistant trigger sprayer.
- Removal equipment – sponges and rags to rinse surface with water.

**NOTE:** \*Contact Triple S for specification and recommendation of the chemical resistant trigger sprayer.

## Application Procedures:

**SHAKE** TARGET Graffiti Remover before using. **DO NOT THIN OF DILUTE** – always use TARGET Graffiti Remover at **FULL STRENGTH** for all applications.

## Application Procedures:

1. Test TARGET Graffiti Remover on a small hidden area prior to full application.
2. Wet surface with water prior to product application.
3. Liberally apply TARGET Graffiti Remover to the surface with sponge, rag or chemical resistant trigger sprayer.
4. Allow TARGET Graffiti Remover to activate on the surface for **60 seconds**.
5. Lightly scrub with sponge, rag, \*scouring pad or #000 steel wool.

**\*WARNING** – Care must be used if scrubbing with scouring pad or steel wool. These items can cause permanent damage to some surfaces, especially glossy or polished surfaces. Always inspect surfaces before application and removal procedures. Verify with Triple S for final determination on any questionable surface.

**NOTE:** Ambient temperature application range: from 35°F to 100°F. Performance and function of TARGET Graffiti Remover will be affected by cooler temperatures slowing down the activation time and high temperatures promoting increased evaporation rates. Ideal temperature range (also surface temp) for application is 65°F - 85°F.

## Removal Procedures:

After TARGET Graffiti Remover has activated for **60 seconds**, rinse the surface with water and wipe dry if necessary. If any graffiti residue is present after the removal process, TARGET Graffiti Remover can be reapplied immediately to the wet surface using the same application procedures and removal process to remove any existing graffiti or shadow.

**CAUTION: DO NOT POWER WASH OR SPRAY WHEN HIGH WINDS ARE PRESENT!**

## Clean Up:

All tools and equipment can be cleaned with water. “Good housekeeping” rules should be followed with the surrounding areas, making sure no obstructions or residue will cause safety issues.

## **Specification:**

Coverage Rate: 50 – 200 square FT/ Quart

Hazardous Materials Description and Proper Shipping Names: Flammable Liquids, n. o. s. (Acetone, Methyl Isobutyl Ketone)

Hazard Class: Primary 3 (Flammable)

Identification No: UN 1993

DOT Shipping Class: Packing Group II

Freight Class: 55 / ORM-D Quart and Pint containers

Shelf Life: 12 Months

Storage: Refer to Section 7 in MSDS

Safety Information: Refer to Section 8 in MSDS

First Aid: Refer to Section 4 in MSDS

Spills / Leaks: Refer to Section 6 in MSDS

Fire: Refer to Section 5 in MSDS

Transportation: Refer to Section 14 in MSDS

(MSDS – Material Safety Data Sheet)
