SSS HEAVY DUTY HD100

Dependable Performance

The SSS **HD 100** is a true commercial duty vacuum cleaner built to provide dependable service day after day.

The **HD 100** industrial grade motor is permanently lubricated with sealed upper and lower ball bearings.

The **HD 100** has a chromed steel brush roll with sealed ball bearings. It's Underwriters Laboratories listed for commercial applications.

Best Value

The cost of a vacuum cleaner is more than just the purchase price. You need a machine that keeps *down time* and *repairs to a minimum*.

The **HD 100** is the **best value** for your dollar.

Specifications

MOTOR— Vertical 6.5 amp, 120 volt, 25-60Hz A.C. Upper and lower bearings are permanently lubricated and sealed.

BRUSH ROLL— Chromed steel in a 7 plus 2 beater bar design. Replaceable bristle strips. Sealed ball bearings.

BAG— Top filling heavy duty cloth.

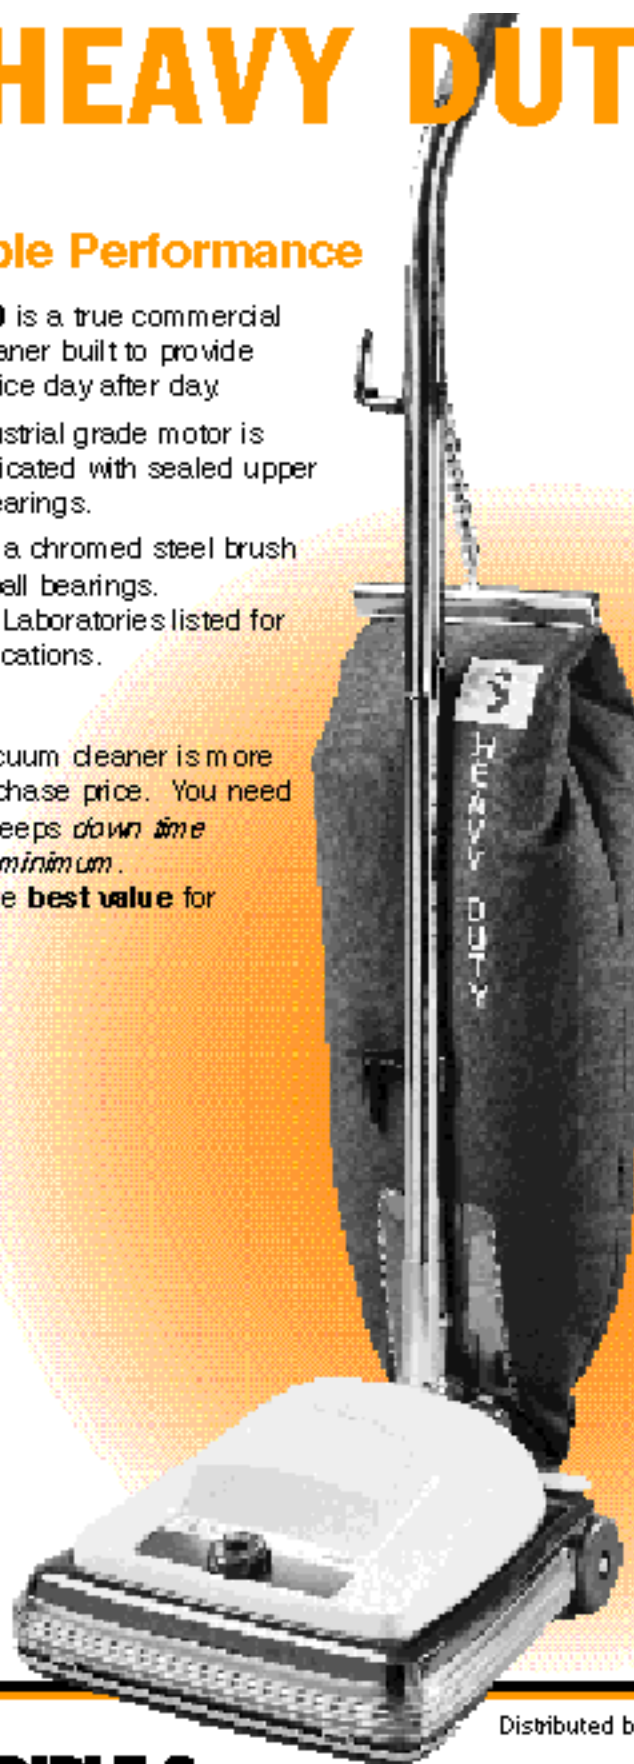

HOUSING— Tough polycarbonate resin base with wide protective non-marring bumper. Nozzle width of 12 inches.

HEIGHT— Six inches in height at the top of the motor, sturdy chromed steel handle. Handle adjusts to the optimum work height.

PILE ADJUSTMENT— Four position height adjustment to position the brush roll at the best cleaning height relative to the carpet pile.

POWER CORD— The long 50 foot cord creates an extended work area around each power outlet.

COMMERCIAL GRADE— The HD 100 is a sturdy, commercial grade vacuum cleaner weighing seventeen pounds (cord included). It's highly mobile and easy to use due to the large and widely spaced wheels.
