

TERRAZZO AND MARBLE RESURFACE AND POLISHING PROCEDURES

Step 1 — Scratch Removal Discs (SRD's):

Thoroughly strip the floor to completely remove surface coatings.

Hone the marble with **New Dimensions Foam Disc Holder & Scratch Removal Discs** and water.

Honing process time is 30 seconds per sq. ft. 8 mins for 16 sq. ft.

Vacuum the slurry and rinse with **New Dimensions Neutral Stone Cleaner**.

Step 2 — Wet Polishing (Maintenance Procedures):

Pour 1 oz. Marble Wet Polish and 4 oz. of water directly onto the floor.

Buff approximately 16-20 sq. ft. with mixture & white polishing pad.

Buff for 30 sec. per sq. ft. 8 mins. for 16 sq. ft. Keep mixture wet at all times.

Wet vacuum to remove the slurry residue. Damp mop rinse with **New Dimensions Neutral Stone Cleaner**.

Repeat application if higher gloss is desired

- Protect with New Dimensions Stone Impregnator Seal
- Clean daily with New Dimensions Neutral Stone Wash
- Maintain gloss with New Dimensions Marble Gloss
