DOCK LOCK Indicates items in the SSS Dock 'n Lock System of high efficiency interlock cleaning tools.

EarthCare® upcycle made PCR

- Indicates items manufactured in the USA using a proprietary compound derived from up to 100% post-consumer materials, i.e. scrap tires and recycled plastics.
- UpCycle is the process of converting recycled materials into new products for better environmental value.
- The process saves energy, minimizes greenhouse gases, and diverts tires and plastic from the landfill.
